Educated Slugs

Sing unto him, sing psalms unto him, talk ye of all his wondrous works. (1 Chronicles 16:9)

So complex is the human brain that even some of today's most visionary scientists have commented that they doubt science will ever fully understand how the brain works. To better understand the brain, scientists have been studying the brains of so-called simple creatures like the garden slug.

But how similar is the brain of a garden slug to the human brain? Researchers have been amazed at

the unexpected similarities and abilities shared by both the garden slug and man. Researchers have found that garden slugs can be trained, using unpleasant flavourings, to avoid their favourite food, potatoes. Eventually the slugs will avoid potatoes that have not been made to taste bad. Slugs, and even garden snails, can learn a sequence of events.

How much more simple are the slugs' brains than ours? To their surprise, researchers discovered that the slugs' brains use some of the same chemical methods to learn and store information as do mammals. In other words, the slugs' brains don't use a simpler method to learn and remember than do a cat's or a dog's brain. Mammal brains and slug brains are based on the same design.

This finding came as a surprise and erases evolutionary distinctions between simpler and supposedly more evolved creatures. It reveals the Creator's pattern. He used the same design when He equipped the slug's brain to learn as He used when He made a dog able to learn. Life is evidence of a perfect Creator, not accidental improvements.

Baby Reimer has Arrived!:

It is our joy to announce the safe arrival of our daughter, Alexis Paige! She was born at 6:35 AM on July 20, 2021 weighing 7 pounds and 14 ounces. Praise the Lord that both Jackie and Alexis are doing very well! Thank you to all who have been praying for us at this time. Words cannot adequately express our gratefulness! ~By His Grace and for His Glory,
Benjamin and Jackie Reimer

BIMI - Church planting in Ottawa

John 10:9 "I am the door: by me if any man enter in, he shall be saved, and shall go in and out, and find pasture."

We know that your Church and Churches around the world are trying to go forward with the Lord at this time. Please pray for us as we try to adapt to all the changes. At this time of year, we are usually going into public parks, talking to people on the side walks, and going door-to-door, but now these activities in our location have to be done with great caution. We are surrounded by government and government workers here in Ottawa. Most people are completely compliant to all regulations and ready to take action against those who are not compliant. Please pray for us as we try to make known the open way of salvation during these times.

Jacques & Ginette Brind'Amour, Terrebonne QC
Prayer requests: (1) pray for the salvation of Stephanie and Francis, my parents, and Martine (Ginette's sister who is a former Jehovah's Witness); (2) for safety from Covid-19. So far nobody from our church has tested positive though some people close to us have and a couple of them have passed away.

I am excited to let you know that Lifeline Baptist Christian Academy is going to start in September this year! The first year we will have two classes, Kindergarten & Grade 1, and Grades 2 & 3. I committed to teach Grades 2 & 3 for a year. I covet your prayers more than ever before as I am still involved in ministries. Please pray for strength, wisdom, good health, patience, and a love for my students. Pray also for the parents to see the importance of giving their children a Christ-centered environment to gain knowledge, and that they would be willing to sacrifice to make it happen.

Every Day With Jesus

Text and Music by

Wendell and Robert C. Loveless, 1959

Every day with Jesus
Is sweeter than the day before,
Every day with Jesus,
I love Him more and more;
Jesus saves and keeps me,
And He's the One I'm waiting for;
Every day with Jesus
Is sweeter than the day before

- Just For Fun**
- I have a pen that writes underwater. It can write other words too.
 - There is no snooze button on a cat that wants breakfast.
 - I'm not one to drown my sorrows. I prefer to muffle them with chocolate chip cookies.
 - Being an adult is just repeatedly staring at a pill bottle in your hand like "did I already take this, or was I about to take it?".
 - If I had to pick one word to describe myself I'd go with... "Doesn't follow instructions".
