### Fossil Drives Evolutionists Batty!

I will praise [thee], O LORD, with my whole heart; I will shew forth all thy marvellous works. I will be glad and rejoice in thee: I will sing praise to thy name, O thou most High. (Psalm 9:1-2)

Have you noticed that whenever one of those interesting nature programs on television shows an

especially clever design in nature, the program is always quick to explain how this came about by evolution?

One good example is the unusual hearing ability of the moth. Night-flying moths have hearing organs that are able to

hear the ultrasonic signals used by bats. The bats use these signals to navigate and to find food, which includes the moths. However, evolutionists never want anyone to think about a Creator Who might have given the moths the ability to hear one of their main predators. So they quickly explained that as moths evolved, they developed the ability to hear the bats in response to bat attacks.

Several years ago, a fossilized egg from a night-flying moth was discovered. Evolutionists said that the egg was half again as old as any evidence of the first bat. Yet the egg clearly belongs to a moth species that can hear bats. The scientists said that this discovery was most puzzling because evolution would have no reason to evolve this species of moth before bats existed. Those of us who believe the Word of our Creator in the Bible realize that all living things were made within a few days of each other. We see around us how each was designed in a way that keeps in mind the design found in other creatures. Moths have always been moths, and bats have always been bats. There's nothing puzzling about it at all.

### Did the Lord Jesus really claim to be equal with God?

John 5:18 Therefore the Jews sought the more to kill him, because he not only had broken the sabbath, but said also that God was his Father, making himself equal with God.

(Believers' Bible Commentary):

If He had not intended this, then He would have explained it to the Jews. Instead of that, He stated in even more positive terms, in the verses that follow, that He was indeed one with the Father.

As J. Sidlow Baxter puts it:

He claims equality in seven particulars: (1) Equal in **working**: "What things soever he (the Father) doeth, these also doeth the Son likewise" (v. 19). (2) Equal in **knowing**: "For the Father loveth the Son, and showeth him all things that himself doeth" (v. 20). (3) Equal in **resurrecting**: "For as the Father raiseth up the dead ... so the Son quickeneth whom he will" (v. 21 with vv. 28, 29). (4) Equal in **judging**: "For the Father judgeth no man, but hath committed all judgment unto the Son" (v. 22 with v. 27). (5) Equal in **honour**: "That all men should honour the Son even as they honour the Father" (v. 23). (6) Equal in **regenerating**: "He that heareth my word, and believeth on him that sent me ... is passed from death unto life" (vv. 24, 25). (7) Equal in **self-existence**: "For as the Father hath life in himself; so hath he given to the Son to have life in himself" (v. 26).

### Missionary of the Month

The Batacs and Bayanihan Children's Home  
 This month's news is focused on some men and women who grew up in the orphanage.  
 Faye: is now 24 and married to Dave Estipular. They are currently missionaries in a tribal town of Mindoro. They have two kids, Zechariah (4) and Lois (5mo.).  
 Rina Basca: 24 yrs old, has just graduated with a Bachelor of Business Administration. While she is seeking for the Lord's leading in her life, she dedicated her life to be a blessing back to our ministries. She will be our new teacher in the academy.

Coco Chan writes: (re: new student, abandoned by her mother, now with her aunt) The child is eight years old, but she has not been in school at all since she finished K4 four years ago...She is like a blank paper. Please pray with me and for me that God will be honoured and glorified through this class. Although my class seems small, my four students are all at different levels. With the last two years online or no class at all, they are so behind.

### Missions Cupboard

At the front, there are copies of the Suggestion List for the Cupboard. Bless you for caring. If you can't go shopping, you can designate an offering or see Linda, Judy Newton or Audrey.

### Jacques and Ginette Brind'Amour...continued

We traveled back home on September 16th. While we were away a family of five visited the church—friends of the Kattoura family from Lebanon. Everyone said that they missed us, while we were away. I guess it's always a good thing when your church misses you! We are now getting ready for a big Thanksgiving weekend with our church.

In closing here are some prayer requests;

- (1) a new place for our church to meet,
- (2) the salvation of Stephanie, Francis, my mom and dad, and Ginette's mom.

(3) For our son-in-law, Eli, who is recovering from his accident; we are thankful he is making progress and is now walking with a cane.

Thank you to all of you who sacrifice for us. We pray for our supporting churches and individuals every Wednesday nights! We trust that you are all doing well and recognizing God's hand in all that you do. In the the Harvest together,  
 Jacques and Ginette

### Just For Fun

- Dear perfume wearers, a little hint for you all: PFT PFT is enough. PFT PFT PFT PFFFFFT PFT PFFFFFT PFFFFFT PFT is really too much.
- I wouldn't mind these hot flushes half as much if they burned off some fat while they were at it.
- I may look fine but deep down I don't remember any of my passwords.
- I try to take it one day at a time but lately several days have attacked me all at once.
- Any salad can be a Caesar salad if you stab it enough.
- I have more conversations in my head than I do in real life.
