### Unique

Humble yourselves therefore under the mighty hand of God, that he may exalt you in due time:  
Casting all your care upon him; for he careth for you.  
(1 Peter 5:6-7)

Every second, our sun casts energy equaling over four-and-a-half million horsepower on every square mile of earth. Yet the earth receives less than one-tenth of one percent of the sun's energy.

Our galaxy contains 100 billion stars, of which our sun is only about average. Truly God's power is so great that we cannot even measure the relatively small amount of power He has used to energize the cosmos!

This makes many people ask,

"How can such a great God care about me?" Yet He does, and He has shown us that He does. He has written a unique genetic code that describes you and only you. If your unique code would be written out as information in the average book today, it would take over a million pages to describe you. In all the universe, there is only one you! Why has He gone to all this work just for you? Because He wanted to get to know you, love you and have a relationship with you.

This is why God sent His only Son into our world. That Son of God, Jesus Christ, lived a life that was perfectly pleasing to God. In contrast, we have all gone our own way and have almost ruined God's creation. But God's Son died on the cross for us so that we might be forgiven. God accepted this sacrifice on our behalf, and this was proven by Christ's resurrection from the dead. Learn more about God's special love for the unique person you are in the Bible.

Thank you Amanda Little for playing the piano for our hymn singing these last few Sundays. Piano accompaniment is always a blessing to help our singing. God bless you for your ministry on the piano.

Brian and Cindy Thiessen write:

This past summer was a season of loss for our family as my father passed away in early July. Only one month later Cindy's father, Richard Nelson, also went to be with the Lord after a short but difficult illness. Both of our dads knew and loved the Lord, so we know we will see them again, and they have left a tremendous legacy of faith in God for all of us.

There has been much work in settling my dad's estate and making sure my mom's needs are looked after, along with ministering to Cindy's step mom, and others in our own immediate families.

Praise the Lord! The US/Canada border is opening, so in November we are planning a two week getaway and family reunion in the States. We have not taken a proper holiday since we embarked on our new ministry four years ago, so this will be a much needed time to refresh, recharge, and replenish. I will see our grandson, Edmund, for the first time, along with some of our children whom we have not seen for a year or two.

**Bible Reading Certificates...**

If you will or have finished any of the Bible Reading Schedules this year (*Thru the Bible in a Year; 60Day New Testament or 60Day Jeremiah/Lamentations*), please let Pastor Bruce know...we'd like to present you with a nice Certificate of Completion to acknowledge your accomplishment.

Dear Pastor and Praying Friends,  
 Answered Prayer! just got the word from the Ministry of Education that we are fully approved to meet for school starting on Monday, November 1st. (this was sent Oct 29) Praise the Lord!

Also another girl is joining my class Monday. This new student will be in grade 1. I really need God's help. Please keep praying for me for strength, wisdom, patience, good health, and to manage my time wisely. In His Service,  
 Coco Chan in Grenada

**Missionary Letters**

They are in folders, on the rack, beside the Mission Bulletin board. On that board we pin up some letters for a while, which you can read...if you don't get a crink in your neck.

Also, the Missions Committee is looking for a volunteer to keep the folders current and in good order. Please see Pastor if you'd like to help.

**Just For Fun**

- I'm at a place in my life where errands are starting to count as going out.
- Some people think I'm crazy. I like to call it "happy with a twist".
- A police officer came to my house and asked me where I was between 5 and 6. He seemed irritated when I answered "Kindergarten".
- Tablets were replaced by scrolls. Scrolls were replaced by books. Now we scroll through books on tablets.
